

ACROSS THE SEAS:

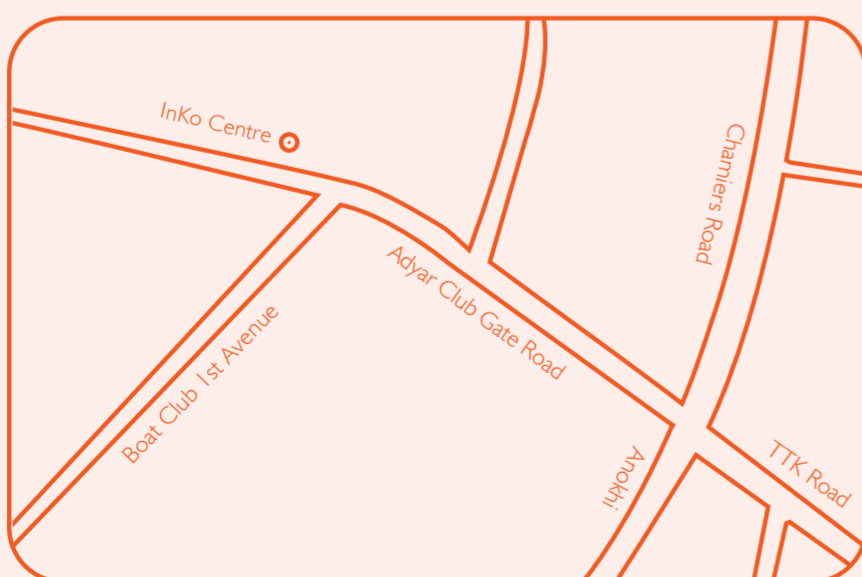

GWANGHWAMUN INTERNATIONAL ART FESTIVAL

Art brings together people and instils mutual understanding and appreciation, especially among people belonging to different cultures. The Gwanghwamun International Art Festival that took place in Korea earlier this year paved the way for this by exhibiting the work of 9 contemporary Indian artists alongside Korean contemporary artists.

To commemorate this art exchange, the Indian artworks that were part of the Gwanghwamun Festival will be displayed at the Gallery @ InKo Centre. The works of these artists are diverse in their visual language, drawn as they are from different geographic and artistic backgrounds. The artists featured in this show address both the personal and the political. The work is on display not only illustrate the diversity of art practices in India but also the sensitivity with which artists in the country are responding to the world around.

Featured artists: M.Natesh, Harikrishna Katragadda, Vijay Pichumani, Sreeju Radhakrishnan, Anupama Alias, Sucheta Ghadge, Victor Hazra, Elancheziyan. S, Ramdas M. Gadekar.
