

The 1st Mumbai Biennale 2018

Beyond the Frame

The **Mumbai Biennale 2018**, titled *Beyond the Frame*, is the first in a series of curated, bi-annual exhibitions that aims to showcase the range and variety of contemporary paintings from Korea and India. Following the success of the *Chennai Chamber Biennale*, initiated in 2013, such large expositions of contemporary paintings will be periodically presented alternately in Chennai and Mumbai respectively. The first edition of the Mumbai Biennale presents a focused collection of **120** contemporary artworks from Korea and **70** artworks of artists from across India who are illustrious alumni from the Sir J.J. School of Art, Mumbai.

K-Art International Exchange Association, Korea and InKo Centre, in association with the Sir J.J. School of Art, are delighted to invite you to the inauguration of The 1st Mumbai Biennale, an exposition of contemporary paintings from Korea & India.
