

Exhibition: An Indo-Roman Ceramic Industry Exhibition
2015 인도-로마 세라믹 산업의 흥망
인도와 로마의 세라믹 산업의 흥망

This exhibition explores the historical and cultural connections between the Indian and Roman ceramic industries. It features a variety of ancient pottery, including amphorae and tiles, which were used for trade and daily life. The display highlights the technological advancements and artistic styles of both civilizations, showing how they influenced each other over time.

Exhibition: The History of the Korean Ceramic Industry
한국 세라믹 산업의 역사

This exhibition provides a comprehensive overview of the Korean ceramic industry from ancient times to the present. It features a large collection of traditional Korean pottery, including celadon, white porcelain, and stoneware. The display is divided into sections that show the evolution of ceramic techniques and styles, as well as the role of ceramics in Korean culture and industry.

Exhibition: The History of the Korean Ceramic Industry (Continued)
한국 세라믹 산업의 역사 (계속)

This section of the exhibition continues the story of the Korean ceramic industry, focusing on the modern era. It features a variety of contemporary ceramic works, including functional pieces and artistic sculptures. The display also includes information about the current state of the industry and the efforts being made to preserve and promote traditional ceramic arts.
